

AFTERMARKET SERVICES AND SPARE PARTS

ALLWEILER® IMO® HOUTTUIN™
ROSSCOR® WARREN® ZENITH®

NO ONE KNOWS YOUR POSITIVE DISPLACEMENT OR CENTRIFUGAL PUMP LIKE THE TEAM THAT BUILT IT

YOU WON'T FIND A BETTER SOURCE FOR MAINTAINING, REPAIRING OR REPLACING PARTS FOR YOUR PUMPS

If your positive displacement pump isn't maintained properly, it can affect your whole operation. With over 100 years in manufacturing experience, no one has more insight or expertise to keep your pumps running at peak efficiency than the experienced team at CIRCOR.

A GLOBAL REPUTATION

At CIRCOR, our reputation extends way beyond borders. In fact, our positive displacement and centrifugal pumps are found all over the world and include brands like:

ALLWEILER®

IMO®

HOUTTUIN™

ROSSCOR®

WARREN®

ZENITH®

THE INDUSTRY LEADER IN QUITE A FEW INDUSTRIES

OIL & GAS

INDUSTRIAL

COMMERCIAL
MARINE

DEFENSE

POWER
GENERATION

WASTE
WATER

DON'T SETTLE FOR ANYTHING LESS THAN CERTIFIED YOU WON'T FIND A BETTER PARTNER TO SERVICE AND MAINTAIN YOUR PUMPS

Keeping downtime to an absolute minimum matters to you and it matters to us. That's why we've created an extensive network of regional, factory-based and certified distributor service centers around the world. It ensures that should you need a part, service or maintenance, help is never far away.

LOOKS CAN BE DECEIVING

While a pirated part may look authentic initially, after 3,000 hours of operation the difference between a certified part and an imitator will be both clear and costly. The photos to the right illustrate the drastic difference in wear between a cheaper pirated stator part and an original part from Allweiler®.

BETTER SERVICE FROM BETTER TRAINING

Our experienced engineers and factory-trained technicians are equipped with some of the best product knowledge in the industry. In addition, we have as-built drawings and original construction documents, which allow us to troubleshoot, analyze and solve even your most complex issues in ways other service options are unable to.

"WHEN OUR PUMP WENT DOWN AT THE WORST POSSIBLE TIME, THE TEAM FROM CIRCOR GOT US THE SOLUTION AND THE ALLWEILER PARTS WE NEEDED. WE WERE UP AND RUNNING IN NO TIME."

- FACILITY MANAGER, FRANKFURT, GERMANY

PROBLEMS DON'T FOLLOW A SCHEDULE AND NEITHER DO WE

With our global network of repair centers, we offer equipment support service 24/7/365 and can repair or rebuild almost any part and brand in your fluid handling system.

24/7
365 SERVICE

Our capabilities include:

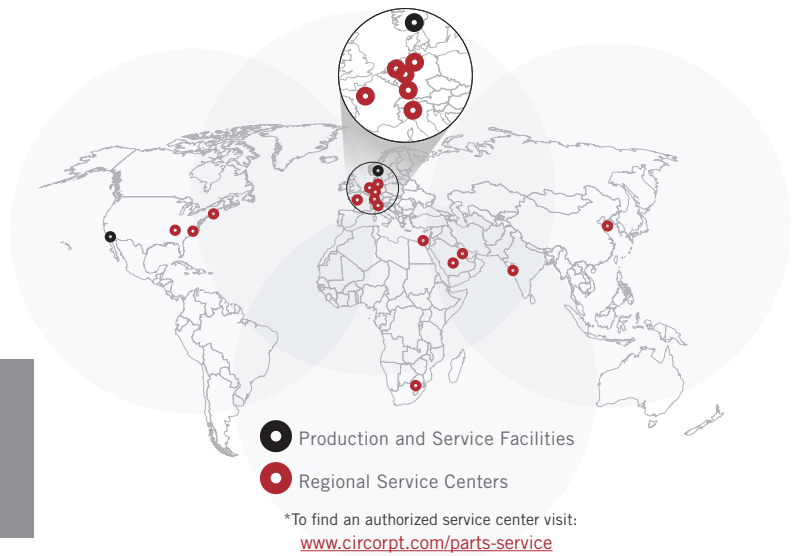

- › Remanufactured solutions
- › Field service & technical assistance
- › Factory warranty repairs
- › Complete refurbishments
- › OEM replacement parts – in-stock inventory for fast service
- › Equipment inspections conducted with factory dimensional drawings
- › Repairs and rebuilds from factory-trained technicians
- › Turnkey overhauls with the ability to provide on-board evaluation, planning, rigging, removal, overhaul, installation and testing of products on-site

MORE SERVICE CENTERS MEAN LESS DOWNTIME

With regional and factory-based service centers located all over the world, we're always right around the corner – no matter where that corner might be.

“CIRCOR MAY NOT LITERALLY BE EVERYWHERE.
BUT THEY SEEM TO BE EVERYWHERE WE ARE
AND THAT MATTERS.”

- PROCESS ENGINEER, MEDINA, SAUDI ARABIA

CONFIDENCE INSTALLED OUR ORIGINAL SPARE PARTS STAND UP TO OUR TOUGH STANDARDS AND TO YOURS

Our service teams only install spare parts that meet or exceed the original equipment standards. So you can be sure your Allweiler, Imo, Houttuin, Rosscor, Warren and Zenith pumps are going to be repaired correctly and back to optimal performance in no time.

CIRCOR has a wide range of products and spare parts to meet standards based on your location and industry. Our product lines are certified to industrial, marine, petroleum and safety standards such as CE, ISO, API and all major class marine societies such as DNV-GL, ABS and others.

THE PARTS AND EXPERTISE YOU NEED

We are constantly renewing, modifying and improving our product line and offer a number of quality components, kits and upgrades including:

Most major, minor and spare parts repair and upgrade kits

In-stock inventory for:

> Allweiler > IMO Pump > IMO AB > Warren Pumps > Zenith

We also offer direct access to our parts specialists who will respond right away to get you the solution you need.

With competitive prices, industry-leading expertise and unmatched global resources, you won't find a better partner to get your system up and running.

CIRCOR is a market-leading, global provider of integrated flow control solutions, specializing in the manufacture of highly engineered valves, instrumentation, pumps, pipeline products and services, and associated products, for critical and sever service applications in the oil and gas, power generation, industrial, process, maritime, aerospace, and defense industries.
