

# **LSC PRE-ENGINEERED AIR COOLED LOS**

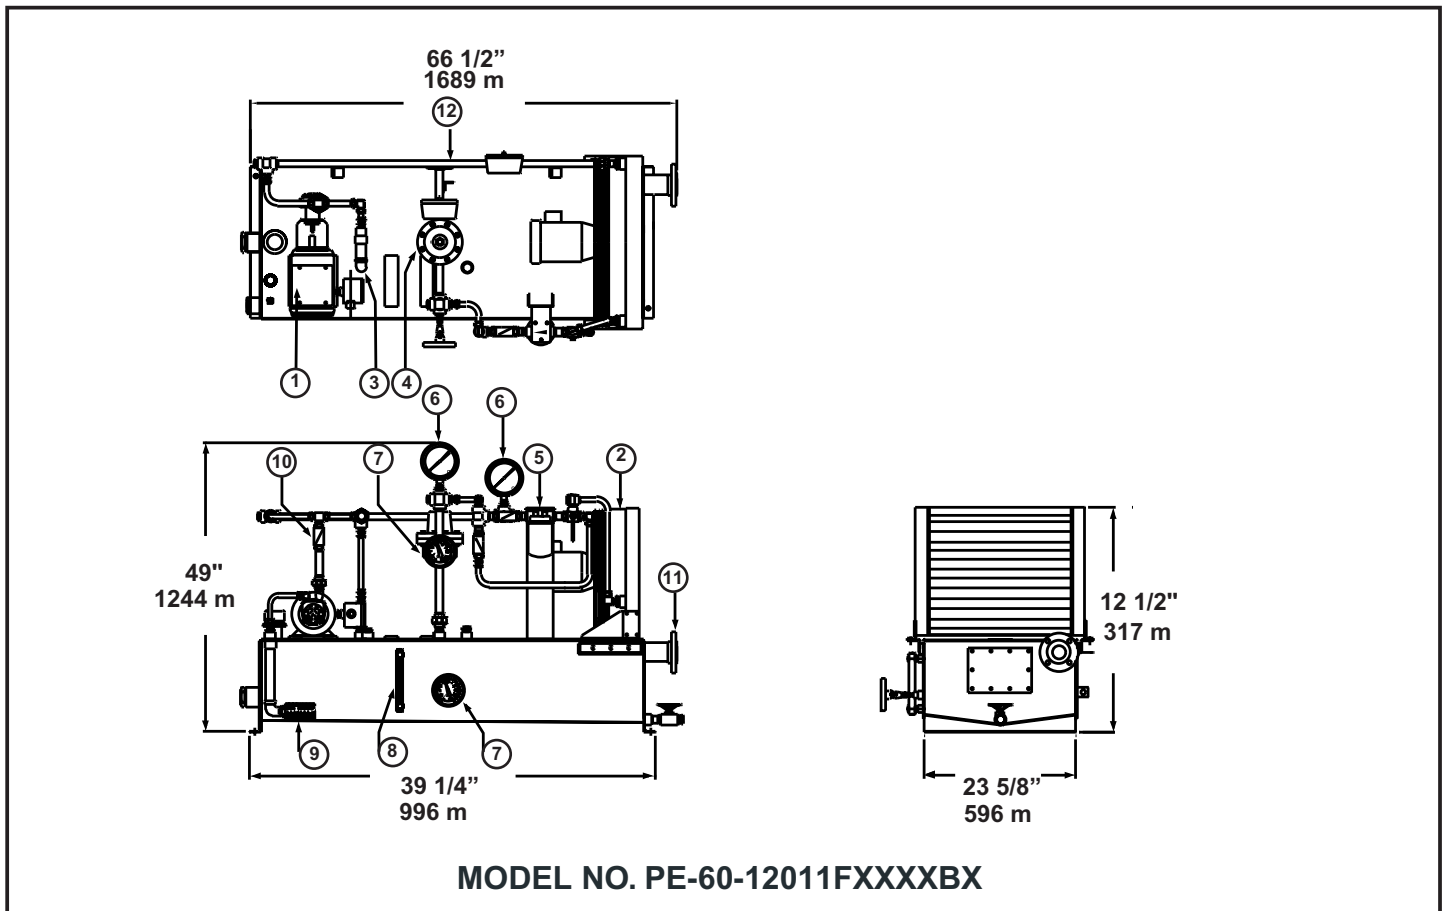

**QUALITY AND QUICK DELIVERY**

**IDEAL FOR NEW PROJECTS WHEN COOLING WATER IS NOT AVAILABLE.**

- **Stainless Steel Construction; Reservoir, Piping, Tubing And Valves**
- **Quality Assurance Through Strict Manufacturing Procedures**
- **Comprehensive Factory Run-In Test And LSC Warranty Protection**
- **Multiple Options**
  - **Flow Rates From 1-12 GPM**
  - **60 Gallon Reservoir**
  - **Single or Dual Pumps & Filters**
  - **Electric Motor Driven Air Heat Exchanger**
  - **Pressure, Level & Temperature Switches**
  - **Electric Immersion Heater, Temperature Control Valve**
- **Quick Delivery - Most Units Ship In Six Weeks**
- **Set of Complete Drawings, Bill of Material And Operating And Maintenance Manual**
- **Eliminate Time Consuming Engineering Effort To Rework Existing Systems**
- **Designed For Use with Pumps, Blowers, Electric Motors And Gear Boxes**

# LSC PRE-ENGINEERED AIR COOLED LOS

## LEGEND

- |    |                               |
|----|-------------------------------|
| 1  | PUMP / MOTOR ASSEMBLY         |
| 2  | AIR COOLED HEAT EXCHANGER     |
| 3  | RELIEF VALVE                  |
| 4  | BACK PRESSURE / RELIEF VALVE  |
| 5  | SPIN-ON OIL FILTER            |
| 6  | LIQUID FILLED PRESSURE GAGE   |
| 7  | TEMPERATURE GAGE              |
| 8  | OIL LEVEL GAGE                |
| 9  | OIL SUCTION STRAINER 100 MESH |
| 10 | CHECK VALVE                   |
| 11 | OIL RETURN                    |
| 12 | OIL SUPPLY                    |
