

► Series NIM

Volute Casing
Centrifugal Pump
in in-line design up
to PN 10

► Pumped Liquid

Fresh water, sea water, condensate, oils, brines, lyes and more. The liquids to be pumped must not contain any abrasive particles nor chemically attack the construction materials of the pumps.

► Main Fields Of Application

In shipbuilding as general service and fire fighting pump, bilge, ballast and cooling water as well as sea water pump; in all industrial branches: general water supply, cooling and circulating systems

► Performance Data

Capacity	Q	up to	2400	m ³ /h
Delivery head	H	up to	100	m
Discharge pressure	pd	up to	10	bar
Fluid temperature	t	up to	140	°C

► Construction features

Rated output acc. to DIN EN 733/EN 733
In-line design (suction and discharge branch in-line arranged)
Bulkhead mounting
Pedestal mounting
Dry installation
Vertical installation
Bearing bracket design
Spacer coupling
